Services Held At United Church For Mrs. Mae Bowie

An early resident of the south-west Vulcan district, Mrs. Annie Mae Bowie, aged 80 years, died at Vulcan on January 4, 1966, after a short illness.

Born at Westville, Nova Scotia, she and her husband farmed here for many years and after his death she remained on the farm until retiring to Vulcan three years ago.

She is survived by three step-daughters, three step-sons, several nieces and nephews.

Services were conducted by Rev. W. Dormer at the Vulcan United Church on Friday, Jan. 7. Interment was in the Vulcan cemetery and pall bearers were Jim Reath, Cameron Middleton, Evan Williams, Wilfred Callaghan, Bill Hilz and Ivar Ivanson.

The Vulcan Funeral Home was in charge of arrangements.

Mrs. Smith and baby will be the recipients of many gifts on behalf of the merchants of Barons, Carmangay and Champion and the Hospital Auxiliary.

Missionary For 22 Years Dies At Calgary

A missionary teacher in Ethiopia for 22 years, Miss Beverly Ethel Macomber died at Calgary Dec. 4, 1965, at the age of 49.

She was the daughter of Mrs. Jessie S. Macomber, now of Calgary, and the late George E. Macomber, a well known early farmer of the Queenstown district, who died in 1919. Her mother and a sister, Miss Mary Macomber, reside at 423 34th Ave. NW.

BEVERLY MACOMBER
Born at Queenstown, Jessie Macomber moved to Calgary in 1932, attending high school and normal school in the city. After graduation she taught in the Peace River district and later attended the Bible Institute at Sexsmith.

Since 1943 she had been a missionary teacher with the Sudan Interior Mission in Ethiopia. In paying tribute to her at the funeral, a co-worker said, "The ministry of Miss Macomber will be remembered by hundreds of Ethiopian young people. She was among the best in the classroom and her intense interest in the spiritual well-being of the individual was always evident. Today, many of her former students are found among the leaders of Ethiopia."

Rev. William J. Laing officiated at the funeral service held at the Little Chapel On The Corner, Calgary, and interment followed in the Milo (Marquis) cemetery.

Blackie Rink Wins Grand Aggregate

A very successful Foothills Bonspiel was concluded at Vulcan on Saturday with four Event Finals being run off and with the Ted Percival rink of Blackie winning aggregate honors with seven wins and one loss. Affiliated aggregate went to the Harry Dwellie rink from Nanton with a record of 7-2.

Winner of the First Event and the Vulcan Trophy was the Ray Wellman rink of Lloyd Graham, Cy Rebalkin and Doug Smith with a final victory over Vernal Haga of Vulcan; third and fourth went to Smokey Jones of Lomond and Stu Beagle of Blackie.

Second Event honors and the Okotoks cup went to the aggregate winner Ted Percival of Blackie with second place to Smokey Jones of Lomond and third and fourth to Vulcan High School and Allan Smith of High River.

The Claresholm Trophy for the Third Event went to Gordon Jones of High River who won the final

over Dan Watson of Vulcan. Third and fourth prizes went to W. Pence of Nanton and to L. Passoli of Champion.

The Fourth Event and the Staveland Trophy went to Dave Hegland of Champion with Bill Wickens of Nanton in second spot. Third and Fourth went to V. Haga of Vulcan and H. Matlock of Vulcan.

The High River Trophy and Fifth Event honors went to Harry Dwellie of Nanton who won the final over John Wolfe of Vulcan with a perfect draw to the button on an extra end. Third spot went to D. Weiser of Claresholm and fourth to Bud Haverly of Vulcan.

The Sixth Event and Nanton Trophy was won by the Atkinson foursome skipped by fearless Charlie Boutland with Tom Brothers at third, Ted Hartung second and Gale Atkinson lead. This power house rink lost five games in a row with the rink in reverse order until Charlie suggested he would lead them out of the wilderness if they would only let him skip. Sure enough it worked and they won five games and the final over Bud Haverly of Vulcan in a thrill packed finish. Third spot went to Evan Munro of Vulcan and fourth to Ernie Leigh of High River.

Vulcan last hosted the Foothills bonspiel in 1960 at which time a total of 47 rinks were entered compared to 34 rinks this year.

Diversion from the curling schedule came Wednesday night when a banquet and dance was held at the Vulcan Armouries. Attendance was very good and in many cases curlers returned to their home towns following the day's play to bring their wives back for the evening's entertainment.

To the Harris Matlock rink with Jim Clark, Lawrence Haga and Elwood Granlin went the prize for the oldest rink in cumulative years. Their total was 203 years. The D. Weiser rink of Claresholm (Continued On Page 10)

Church Club Addressed By School Principal

A. F. Psikla, principal of the County Central High School, gave a "New Year" message to the young people of the Jack and Jill Club in the Anglican Church basement last Thursday evening at 7:00 p.m. He was present at a Twelfth Night Banquet at which the theme was, "The Twelve Days of Christmas." The young people decorated the hall and with their parents and other interested parties were responsible for the meals.

Mr. Psikla opened his address with a quote from the "Book of Proverbs" admonishing a child to respect instruction and parents to understand their children. He stated that prospective employers were glad to recommend high school dropouts to their competitors, because then they knew there would be no more real competition from that source and that schools of art were only interested in the person who had worked on his talent and developed it. The speaker stated, "That if a child cannot apply himself to his education there is no real indication that he can apply himself to the business of living."

Mr. Psikla ended his address on the note that all true wisdom begins with paying attention to God. He quoted the Biblical passage, "Remember thy creator in the days of thy youth." "It is easier, he said, "to worship and follow God when you are young. If you wait 'till you are older, you may become too set in your ways to find Him and that spells Disaster."

Guests present at the banquet were Miss J. Ware, Mr. and Mrs. C. M. Allen, Mrs. Roberta Davis, J. Lundy Findlay, Mr. and Mrs. Gray, Mrs. L. Shust, Mrs. Morin, Mrs. Gen Sales and Rev. V. G. Cowell.

Only One Birth

Only one birth was recorded at the Vulcan Municipal Hospital during the past month of December:

Dec. 2, to Mr. and Mrs. Walter Leadbeater, Shouldice, a son.

Expansion Program

All Risk Crop Insurance To Be Extended in County

"All-Risk" Crop Insurance will be extended into the remainder of the northern and western sections of the County of Vulcan in 1966, according to word from the Alberta Crop Insurance Corporation in Calgary.

This is part of the expansion program which will see crop insurance made available in about three times the area that it was offered in last season. As well as expansion in the three original insurance districts, new areas are being set up in the Peace River and in the Olds-Three Hills region.

E. A. Patching, general manager of the Corporation, reports that in the past season 1,312 farmers in the province had crops insured under the program. About 115 of these have received payments, totalling nearly \$50,000, for crop losses.

He says that because crop yields this season are well in excess of the long-term average in most parts of the province, it was to be expected that payments under the program would be relatively light. Moreover, there was considerably less than normal hail damage in the three test areas. Nevertheless, inspections were made on nearly 200 farms and about one in 12 insured farmers had claims on which payments were made. Excess moisture, drought, hail, frost, rust or bad harvest weather were the main causes of loss.

"This past season, only a few claims were received for the Vulcan area, all the result of hail. But in the Lacombe area, claims were paid to about 75 farmers and in the Vermilion area, to about 35 farmers.

Mr. Patching says that the generally good conditions for crop production this year enabled the Corporation to build a reserve for years of heavier losses. However, he says, it is not the objective of the Corporation or the sponsoring governments to build up large reserves. Instead, premiums are only intended to cover losses that, based on past experience, can be expected to occur over the long-term period.

N.Y. Dance Well Attended

A private New Year's Eve dance, sponsored jointly by the Elks Lodge and the Calgary Highlanders at the Vulcan Armouries, was attended by about 200 merry-makers.

A local orchestra supplied the music, novelties, and noise-makers added to the enjoyment of the evening and a buffet style turkey dinner was served.

The Crop Insurance Corporation sponsored provincial federal program which provides farmers a guaranteed return from insured crops. The federal government pays 20 per cent of the cost of premiums and the provincial and federal governments share equally all administrative costs.

It is expected that the crop insurance program will be expanded to cover most of the province within a few years.

School Chairman 15 Years

Contributed Greatly To Success of County System

After having served as Councilor for Division Nine of the County of Vulcan No. 2 since the formation of the County in 1951, J. M. (Mickey) McKay of Brant resigned at the end of last year. Mr. McKay has accepted a position of general manager and vice-chairman of the Alberta Hail Insurance Board. He also headed the Alberta Crop Insurance Corporation.

J. M. McKay

Mr. McKay was one of the original County of Vulcan councillors when the new form of Municipal Government was introduced and he contributed a great deal to the success of the County system which was under such intense criticism and bitter opposition at that time.

He was elected by acclamation and was unopposed during fifteen years.

While Mr. McKay was known throughout the province as a "Municipal" man and was Presi-

dent of the Alberta Municipal Districts Association just prior to his resignation, his chief contribution to the County of Vulcan was in school affairs. He was Chairman of the County School Committee and his leadership and ability in this field was largely responsible for the growth of the county system of municipal government. There are now 26 counties in the province.

Mr. McKay's record in school affairs and the smooth operation of the County of Vulcan proved beyond a doubt that education did not suffer in county administration. In fact, education was handled with greater flexibility through more actual help and support of municipal men and closer co-operation.

County of Vulcan system was improved through a planned building program which has provided all areas with new and up-to-date classroom facilities. He was particularly concerned and interested in providing the best possible high school instruction and it was through his efforts that the vocational wing was built at Vulcan. This made centralization possible and has provided high school facilities equal to any in the province.

In 1962 Mr. McKay was elected to the executive of the Alberta Association of Municipal Districts and took an active part in that organization. He was appointed to the Department of Municipal Affairs Boundary Commission to represent the Rural Municipalities.

The Boundary Commission job was to arrange municipal and school district boundaries to be co-terminous. This work took two years. For the past number of years, Mr. McKay has been a member of the Municipal Advisory Board assisting the Provincial Government on matter of local level government. Later he became a member of a provincial committee inquiring into the various department expenditures.

For a number of years Mr. McKay was president of the Alberta Association of Municipal Districts (Continued On Page 6)

Hldrs. Re-elect Mess Committee

The Men's Mess of Heavy Weapons Platoon, Support Company, The Calgary Highlanders held its regular monthly meeting on Friday, Jan. 8, 1966 at the Vulcan Armouries.

Dance committees for the Christmas and New Year's dances gave their reports and reported very successful parties on both occasions. It was decided to start holding card socials again with the first being on Saturday night, January 22.

Curling was discussed and the tentative date for the local Highlander Bonspiel is Feb. 6. All members and their wives are urged to keep this date free. The Calgary Highlanders' Regimental Bonspiel will be in Hanna this year and the dates are Feb. 19-20.

Election of officers was held with the following results: President, D. C. Williams, Arrowwood; vice-president, A. L. Hubbard, Vulcan; secretary, D. A. Jorgensen, Blackie (re-elected), and treasurer, F. R. Jepps, Vulcan (re-elected).

Remember when income tax was paid only by people who could afford to.

Recreation Group Back In Business

Following prolonged negotiations with the Vulcan Town Council whose members were finally able to work out a method of sought-after financial assistance, the Vulcan District Recreation Society has been given a new life.

With their goal set at the building of a community recreation centre, the recreation group, before Christmas, was given an offer of \$5,000 per year from the present council and recommendation that future councils do the same until the project is completed.

Nineteen members of the recreation society met Sunday afternoon to lay plans for future fundraising projects with the object now of starting actual construction

tion next fall to gain advantage of possible winter works benefits.

The possibility of a province-wide campaign to raffle a quarter-section of land in the Vulcan district was revived and a committee is now investigating purchase of such a parcel of land.

Chaired by Pat Walker, head of the society, the meeting heard from members with various suggestions for ways of raising money through smaller projects in addition to the land raffle. Ladies groups will be enlisted to help in such attractions as carnivals, summer barbecues, bingo and other projects.

In order to incorporate the area of the proposed building into the

best possible use to which it can be put a questionnaire is planned giving organizations and citizens a chance to study their needs and offer suggestions as to the detailed interior design of the centre. In this regard it is hoped that assistance may be received through co-operation with a Town Planning Commission which is presently being considered by town council to forecast the town's future growth and development.

As another means of stimulating interest, membership cards in the recreation society will be given all those who have already donated and those offering money in future will also receive a card. This not only signifies support for

the project but gives the holder a vote in the society.

Ken Torry, a Calgary builder who has had considerable experience in such projects as the local one, is to be contacted with the hope that it may be possible to make use of his services in planning and construction.

The society building committee is to contact the architect in Calgary who designed the original curling rink and who still has the blueprints, to see if they may be re-designed roughly showing the increased length as required in local planning. Apparently the plans can be made available to the group but soil tests at the building site must be completed first.

Couple Observes 50th Anniversary

Mr. and Mrs. John Simpson of Vulcan celebrated their golden wedding anniversary at the Bamboo Inn, Calgary on Dec. 19.

Mr. and Mrs. Simpson were married at Estevan, Sask., in 1915, and have resided in Vulcan for the past 20 years.

The happy couple were present-

ed with a gold electric wall clock, a gold satin bedspread, marble pen desk set, gold-trimmed China tea cups as gifts from the family and relatives.

Mr. and Mrs. Simpson are parents of three children, grandparents of 10 children and great grandparents of two children.

Eight huge caravans, each composed of eight 72-foot truck and trailer units, will tour Canada in 1967, taking the story of Canada to the people of Canada. Inside the trailers, exhibits dioramas and pictures will trace the history of Canada's exploration, exploitation and development from the time before the coming of the white man to the present day.

Centennial Caravan No. 7 will tour Alberta, the Northwest Territories and the Yukon in 1967, entering the province at Milk River on May 1, and leaving from Drumheller on November 2. It's only scheduled stop on the Aldersyde line will be at Vulcan on May 22.

During its tour, the Caravan will travel 8,039 miles, and will make 95 exhibit stops. All sites have been surveyed, and recommendations for improvement made where necessary. In 1966 a resurvey will be conducted at which time, in addition to checking the sites,

arrangements will be made for billeting and victualling for caravan staff members.

In addition to the interior exhibits, there will be regional exhibits arranged outside the caravan, to be viewed by persons waiting to enter.

A staging area will also be provided, and the Chief of the Trains and Caravans Division of the National Centennial Committee, Mr. L. J. Bus Stop—

A letter to the editor in this week's Advocate suggests that Greyhound Bus service at Vulcan would be immeasurably improved if buses would make a short stop in the business section of town to allow passengers to get off or get on the bus before it proceeds to the regular stop at the Circle EJ-BA Service Station on the highway.

A Chamber of Commerce suggestion some time ago that the regular stop be moved to a downtown location was turned down by Greyhound on the grounds that a suitable location was not available. Although admitting that the present location of the rest stop might be inconvenient for passengers departing from or arriving at Vulcan, Greyhound is well pleased with the service at the highway service station and has no intention of changing to a different location.

A short additional stop right in town would, to a great extent, solve the present problem of having to depend on family or friends for transportation to or from the bus depot.

There is reason to believe that the suggested extra stop could be made if strong support for the idea came from the general public. Letters asking that such a downtown stop be made should be addressed to D. P. McIntyre, Greyhound Bus Lines, Greyhound Building, Calgary.

LET'S CHANGE THE CLIMATE

A subject that we can easily come by is "the weather." If only we could take 20 degrees out of the summer heat and stick it on somewhere in the winter. If we could only get it to rain at the right time. If only we could stop the blowing. If we could only prevent the hail. So we drone on. But with all our hot air the weather does not change.

But changing the spiritual climate of Vulcan and district is possible. We can do this. Each person has the privilege of contributing or distracting from the spiritual weather. Our fair town and district is only religious to the extent that you and I make it such. The spiritual climate of our neighborhood is in our hands.

Ask the average man in our area if he thinks the church is important or whether there is a God, I doubt if we could find many atheists. Yet, our churches are only partly filled on Sunday. I suppose that about 20 percent of the people are in church on Sundays. For everyone in the pew there were four in bed.

The preachers prepared messages from God's book but only had a small portion of their flocks to hear these vital things. The caretakers heated the buildings and dusted the pews only to be half-used.

The Sunday Schools likewise register a very low temperature on any given Sunday. Ask a child if he belongs to a Sunday School, and the answer is yes. But ask, "Were you in Sunday School last Sunday?" the answer four times out of five is "No." Teachers prepare lessons for only half a class. Most superintendents lead only 1/2 of the enrollment in their opening exercises.

Now there must be some way of changing the spiritual climate of our town. If everyone attended the church of their choice this coming Sunday there would not be enough accommodation. I suppose the church would be happy to have the worry of trying to accommodate capacity crowds. "Pass a law and force attendance." Law will not bring people to Christ.

"Educate the people." But we are enlightened. We admit we do not live up to the light we have. Knowing about Christ does not get us to follow Him.

"The Service Club is my Church," but on second thought it is different. It gives fellowship and service but deep down it doesn't bring satisfaction. Turning to, and serving Christ only satisfies.

At the beginning of another year, we may wonder what the weather may be like this coming year. But we cannot do anything about it, can we? Should we stop and wonder about the spiritual climate of our district? You and I can do something about it. Let us do it. Let us start the year off right. Let us come to Jesus Christ for salvation; let us follow our Lord in true discipleship. Do this, and the spiritual climate of our neighborhood will change.

Mr. McKay has not severed his connection with municipal work entirely as he will continue to serve on the advisory and expenditure committees.

F. N. Thurber, Councillor for the Mossleigh area, who was re-elected in December, has been appointed chairman of the School Committee.

A by-election will be held in Division 9 on February 5, 1966 to fill the vacancy.

In his letter of resignation, Mr. McKay stated that he has always been interested in the education of the children and young people and would always follow their progress with keen interest. To this end he asked permission from the County to make a yearly award of a one-hundred dollar bond to the County of Vulcan Grade IX student passing with the highest marks. His generous offer was gratefully endorsed by the School Committee.

COUNTY CENTRAL HIGH SCHOOL HI-LITES

County Central is again alive, after enjoying a needed rest over the holidays. Exactly how much rest everyone received, however, is debatable.

Curling kept many CCHS students busy for three days of the holidays, as Lethbridge was the scene of a high school bonspiel. Of the 70 rinks that took part in the bonspiel, 11 were from County Central. Central teams made a good showing taking second in both the first and second events.

The two winning rinks from CCHS were those of Robert Kananen, with Grant Wolfe third, Bob Letal second and Greg Fletcher lead, and Craig Brown, with Ken Scales third, Jim Connolly second and Tom Klippert lead. Each member of each team received a travel alarm clock as his prize.

Last week the scene was a little different but the game the same, as the High School left its mark in the Senior Foothills Curling Bonspiel held in Vulcan. Referred to by some as "The Giant Killers", the Central team, of Robert Kananen skip, M. Johnson (teacher), third, Bob Letal, second and Randy Carruthers lead, beat out some of the best men's teams in the bonspiel.

They played in both the second and fifth events, taking third prize in the second and being only one game from prizes in the fifth. Their last game in the second event was decided by the last rock in the last end. Unfortunately it came out in favor of the opposition. However, even if CCHS had won this game they probably would not have been able to play the final on Saturday.

Saturday was scheduled for brier playoffs in Champion and two of the above team were committed to playing on the CCHS Brier team. However, all turned out for the best since the team won these playoffs and now advance to the provincials as representatives of this district. The Central rink, skipped by Robert Kananen, with Grant Wolfe third, Bob Letal second and Greg Fletcher lead, will travel to Banff on January 20 with their coach M. Johnson. They not only represent County Central and the Southern Alberta Curling District 6, but they also represent you. Let's wish them the best of luck and give them all the support of all the people.

The senior ladies and male teachers got into the basketball action last Friday night as they played the CCHS senior girls and boys teams respectively. The senior ladies, try as they may, could not quite keep up to the girls who play regularly. The Central girls rallied especially strong in the second half to defeat the ladies.

The game between the men and the senior boys was a different story. The Central team suffered a severe defeat at the hands of the "old" pros. The pros showed little sign of strain during or after the game, but... the next day? Both teams are looking forward to the next game, especially the CCHS boys who were only at half strength for this one.

Vulcan Agent One of CPR Mobile Crew Representatives

Canadian Pacific's Customer Service Centre recently established at Lethbridge in a peak period of heavy railway traffic has been functioning well since its birth.

The new centre, occupying part of the ground floor of the CPR station at Lethbridge and augmented by modern telecommunications and a force of six mobile representatives, has replaced the country agencies throughout the Lethbridge division, an area extending south from Calgary to the U.S. border and west from Medicine Hat to Crowsnest.

Better utilization of railway equipment, a smoother and swifter accounting system, a coordinated program of customer calls by the mobile representatives are among the benefits accruing to the public as well as to the company from the new program.

Another convenience is that all enquiries from customers residing outside the city of Lethbridge are made through a single telephone number, Zenith 0-7337, on a 24-hour, seven-day week basis. The switchboard operator in the customer service centre determines the nature of the call and then connects the customer with the

service concerned — carload freight, Merchandise Services for less than carload shipments, rail, air or steamship passenger travel, hotel reservations, telegraphs and telecommunications. Customers in Lethbridge continue to call the numbers listed in the city telephone directory.

Increasing personal contact with customers is being obtained by the customer service representatives who make regular calls at places of business throughout the division on pre-arranged routes assigned to be covered by automobile by each representative. Each representative is qualified to discuss shipping problems and other Canadian Pacific services with those upon whom he calls.

Internal operation of the customer service centre is making maximum use of business machines which have telecommunications contact with the Company's regional data centre at Vancouver and system computer in Montreal.

A customer requiring an empty car for loading is connected by the telephone operator with the centre's car order desk. Here an attendant records information on the nature of the shipment and the type of car required, checks priorities in the case of cars required for grain shipments, and then passes a form to the car control desk.

LETTER TO EDITOR

Vulcan, Alta.
Jan. 5, 1966

Editor, The Advocate,

Dear Sir:

May I have space in your paper to suggest what might be an improvement in the Greyhound bus service.

Without disturbing anything that we presently have, I feel the following has merit. All incoming buses first come into town and stop in front of the new telephone booth at the Canadian Legion. Incoming passengers could then get off, outgoing passengers could get on and the bus could proceed to the Circle EJ-BA service station for the regular bus stop. During the stop, the outgoing passengers could purchase their tickets and proceed. The Greyhound bus lines when approached by the writer, accepted the idea as being worthy of consideration by the powers that be. The primary reason for their possible acceptance is the fact that Vulcan does not have a taxi service, and the difficulty some people have of getting to and from the bus depot. Greyhound is appreciative of the business they receive from Vulcan as indicated by their increased service which started Jan. 5.

If citizens generally and organizations support the above idea, it probably could become a reality in the near future if they expressed their opinions in letter form to D. P. McIntyre, Greyhound Bus Lines, Calgary.

Awaiting results of this suggestion for or against,

I remain
Yours very truly,
Vulcan Resident.

Kananen Rink Wins Playoff

The Robert Kananen rink from County Central last Saturday won the High School District curling playoffs at Champion.

The rink now goes to Banff on Jan. 22 to take part in the Southern Alberta Playoffs.

With skip Robert Kananen of Carmangay are Grant Wolfe of Champion, third, Bob Letal, Carmangay, second and lead is Greg Fletcher of Nanton.

Other rinks in the Champion eliminations were from Lomond and Blackie.

to plan the handling of the train before its arrival. The journal also is transmitted simultaneously to the regional data centre at Vancouver which retransmits it into the computer at Montreal.

A reverse benefit of this method of operation enables Montreal to advise Lethbridge each day of all carloads headed for the Lethbridge division from the entire system, showing the location of these cars, the consignee, the destination, and details of the shipment. Customers awaiting arrival of shipments can thus be informed on the progress of the movement.

The accounting section of the customer service centre obtains the information it requires on shipments from the car control desk, and makes out new cards for each shipment. These are balanced daily and transmitted direct to the computer in Montreal. If an error has been made and the division records do not balance with the computer, the computer rejects the error. The erroneous card is then corrected by the division and resubmitted to the computer. This system keeps both offices in balance at all times. Under these conditions, it is never more than 24 hours old, whereas when each agency was submitting its accounts by mail, the system could be a month or more behind.

By using the IBM 407 machine customers bills are made up direct from the cards and when payment is made, the cards are reused to record the payment.

Grandparents Attend B.C. Wedding

Miller Memorial Chapel, Hazelton, was the scene of a beautiful Christmas wedding on Saturday evening, Dec. 18, when Rev. T. White read the marriage vows in a double-ring ceremony for Margaret Liebe Bennett, youngest daughter of Mr. and Mrs. Albert Bennett of Hazelton, and Albert Howard Orcutt, eldest son of Mr. and Mrs. Howard Orcutt of Hazelton.

The bride made a charming picture as she entered the Chapel, being escorted down the aisle by her father. Her floor-length gown of white velvet featured a boat neckline and lily-point sleeves. It fell into a gentle fullness from a straight waistline. Her shoulder length veil was held in place by a circle of pearls and her only adornment was an Alaska black diamond drop, the gift of the groom. She carried a bouquet of red roses.

Paulette La Rose as bridesmaid wore a short frock of red velvet with white fur trim on the neckline and she carried a bouquet of white mums. Her headpiece was red velvet and white fur.

The three flower girls, nieces of the bride, Rhonda Nitche and Yvonne Moore, and sister of the groom, Noel Orcutt were all in frocks of Christmas green velvet, featuring white fur on the necklines with head bands of green velvet and white fur. They carried nosegays of white roses. Miss Judith Scott was organist and Martin Penner rendered "The Wedding Prayer". "The Lord is My Shepherd" was sung by the congregation. Gordon Anderson was groomsman.

The groom wore a pair of mother of pearl cuff links presented to him by his paternal grandfather who had worn them at his own wedding 42 years ago. Les Orcutt brother of the groom from the Army at Kingston, Ont. was usher.

Following the wedding ceremony about 100 guests gathered in the rumpus room of the Nurses' Residence and were greeted by the mothers of the bride and groom. The bride's mother chose a double-knit brown suit with hat and accessories. The groom's mother chose a double-knit suit in turquoise with black hat and accessories. Her corsage was pink roses. The groom's grandmother was also in turquoise of a deeper shade with hat in tone and she wore a pink rose corsage.

Bill Hyde Vaate was master of ceremonies and the toast to the bride was given by H. Gould, with the groom ably responding. Gordon Anderson proposed a toast to the bridesmaids. Mr. Bennett, father of the bride also spoke.

Following the delicious refreshments, which were served by the misses Marlene Love, Jeannie Pipe and Sandra Gould, the bride and groom made the traditional first cut in the beautiful 4-tiered wedding cake which was a work of art turned out by the bride's mother. In charge of the tea and coffee were Mrs. Hyde Vaate, Mrs. M. Penner and Mrs. J. Kornelson.

For going away the bride changed to a white brushed cotton lace dress with brown accessories.

Telegrams were received from aunts of the groom. Out of town guests included, Mrs. W. Nitche of Kitimat, sister of the bride, Mr. and Mrs. C. Moore, also of Kitimat, brother-in-law and sister of the bride, Mr. and Mrs. Albert Orcutt, Sr., paternal grandparents of the groom from Champion, Alberta, Walter Hall of Dawson Creek and Mr. and Mrs. J. Epp of Smithers.

A wedding dance followed at the Totem Cafe Ballroom, which was decorated with pink and white bells streamers and balloons. Refreshments were served at midnight in the form of a Smorgs-bord. Music was supplied by a local orchestra.

The newlyweds will make their home in New Hazelton, B.C.

Sherbaty-Letal Wedding Held At Lethbridge

Baskets of mauve and white mums interspersed with greenery formed the decor in St. Patrick's Church, Lethbridge, where double ring wedding vows were exchanged between Lillian Marie Letal and Peter John Sherbaty.

Fathers Marien and LeBel officiated at the early afternoon ceremony for the daughter of Mr. and Mrs. John Letal of Carmangay and the son of Mr. and Mrs. John Sherbaty of Innisfree, Alberta. Mrs. Carl Peters of Hudson Bay, Saskatchewan, cousin of the bride, presided at the organ and accompanied Mrs. Joy Lazo who sang during the signing of the register.

The bride, given in marriage by her father, chose a floor length gown of silk delustered satin styled with an empire waist line, portrait neckline flowing train and elbow length bell sleeves. Her tiered veil of pure silk cascaded to the floor from a crystal and seed pearl crown. Mauve orchids and white lily of the valley entwined in white lace ribbons made up her bridal bouquet.

Attending the bride as maid-of-honor was Catherine West of Calgary. Bridesmaids were two cousins of the bride, Jean Wain of Barons and Mary Letal of Calgary. Junior bridesmaid was Wendy McFarland of Carmangay and little flower girl was Karen Boras of Coaldale. They wore identically styled floor length frocks of mauve peau de sole with matching headdresses. Cascading bouquets of one single mauve orchid entwined in white carnations completed their costumes.

Attending the groom as best man was his brother Nick Sherbaty of Edmonton while groomsmen were Harry Hoobanoff of Calgary and Miles and Bob Letal of Carmangay, brothers of the bride. Ushers were Steve Savinkoff and Bruce McMillan of Calgary. Ring bearer was Garth McFarland of Carmangay.

Miss Sharyl Baker of Edmonton presided over the guest book at the reception for approximately 130 guests which was held in the Carmangay Community Hall. The bride's table was centered by a three tiered wedding cake made and decorated by the bride's parents. The cake was cradled in mauve tulle and two mauve tapers in crystal candle holders further enhanced the decor.

Master of ceremonies for the occasion was an uncle of the bride, Joseph Kurin of Barons. The toast to the bride was proposed by Earl Smith of Champion. Sandra Kryzanowski played a piano solo during the reception program. Dancing followed with the Dave Shearer Orchestra in attendance.

Out-of-town guests were from Barons, Champion, Calgary, Drumheller, Claresholm, Coaldale, Lethbridge, Raymond, Edmonton, Innisfree, Dominion City, Manitoba, and Hudson Bay, Saskatchewan.

For travelling the bride chose a red two piece suit trimmed with black fur with black patent leather accessories. A corsage of white gardenias completed her ensemble. Mr. and Mrs. Sherbaty are making their home in Calgary.

George Washington, only president of the U.S. who never lived in the White House laid the cornerstone for the building on October 13, 1792.

(Continued From Front Page) won a prize for being the four-some coming the furthest distance.

Prize for the first team out of competition went to the Gordon Brown rink of Claresholm.

As well as being an interesting bonspiel, the curling exemplified the family side of the game. Old-timer Ed Kehr has long been a sports fan and in the last 15 years has swung to curling. Never a follower of this sport his wife came down to look around last week and wound up at the banquet, setting the alarm for the morning trips to Champion and staying up after midnight watching the Masters play on TV.

1965 president of the Foothills Curling Association is Dan Watson, president of the Vulcan Curling Club. Bonspiel chairman was V. W. Haga while John Wolfe was draw-master.

Next year the Foothills Bonspiel goes to Okotoks.
